

Competitive pandering

How embarrassing to watch former vice president Joe Biden grovel at the inaptly named Biden Courage Awards in New York on March 26. Then on Feb. 17, Biden told a European audience in Munich, Germany that America is an embarrassment.

This is the same Biden who withdrew from the 1988 presidential race after plagiarizing a speech by British Labor leader Neil Kinnock.

Has there ever been a creepier assortment of Democrats running for president? They can't shed their scales fast enough to keep pace with their competitive pandering.

Stop pushing faith-based fairy tales like the Green New Deal and encouraging Central American migrants to flood our border.

How many more Americans will be victimized by this new crop of illegals while Democrats and corporate opportunists like the Koch brothers refuse to work with Trump?

Try representing America for a change instead of pandering to the Robespierre/Cortez wing of the Democratic Party.
